What a lovely event!!!

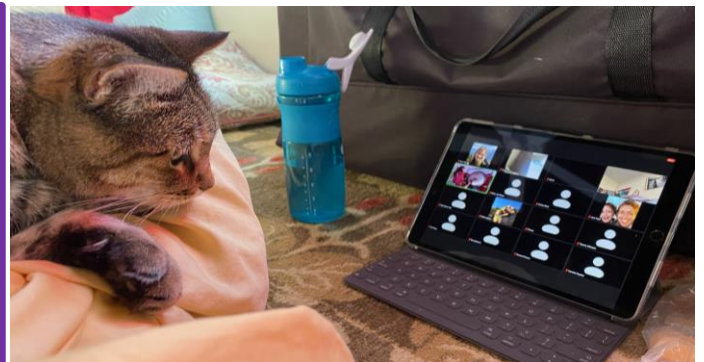

Everyone relaxed and enjoyed the variety of Sounds.

Mary-Joy's Bowls were first, as we connected into the Quantum Field of Unlimited Potential and set our intentions for whatever changes we wanted in our lives.

Teri with her Gongs, facilitated vibrating every cell in our bodies and releasing old stagnated energies, making room for the frequencies of our new intentions.

Kat brought us back to our heart beat with her **Native American Drum**, allowing our bodies to settle easily and gently into a new frequency and energetic configuration.

Thank you **EVERYONE**, especially our facilitators.

Susi's cat Maxine enjoyed the Concert too!!
