Welcome to the world of
Niki de Saint Phalle

The Docent **Marty Teideman**, told us all about the Sculpture Garden and the life of Saint Phalle. Marty was delightful, funny and extremely knowledgeable about everything Saint Phalle. She was a superb guide & host!!

Back at the drumming practice...

Ahhhh... Food at last!!

To start the Full Moon Ceremony, Board Members participated in sagging, sound clearing and a little Frankincense to help us reach the higher realms. Then Serena called in the Archangels and 4 Directions with help from members of the group. It was a beautiful beginning to this special Ceremony. Thank you everyone!!

To complete the Ceremony we lit floating candles to LIGHT up our desires for the coming months. After, we attempted to Drum up the Full Moon, but it stayed hidden behind clouds. Despite that, it was a very successful and fun ***REIKI REUNION!!***
