[sandiegoreikicorps.org](http://sandiegoreikicorps.org) to sign up

*"Stand Down is a place of miracles, if you believe in such; a place where a veteran suddenly thrust into homelessness can find an immediate solution and the same place where a chronically homeless person for more than 15 years can find a transitional place of recovery, treatment, education and training and 9 months later be reunited with his family in his own apartment."*

- Darcy Pavich VVSD Chaplin and Stand Down Director,  
Veterans village of San Diego.
