Walk for Causes

What a GREAT Event!!!

We learned about the History of SDRC Volunteering in the Community, from our humble beginnings, thru incorporation, to where we are today. Joan Boccio presented the Basic Protocol for Outreach Events, and various speakers presented information about their own experiences and the needs of different populations in different environments. We heard about the Walks for Causes i.e.: Alzheimer's Walk, Heart Walk, Dog Walks, as well as Project Homeless Connect, Veterans Stand Down, the AIHM Conference, Sharp Hospital, and Hospice. Great information!! We all learned something new!
