

# San Diego Reiki Corps 2020 Online Events

SDRC was fortunate in the early months of 2020 to participate in 2 outreach events: The North County Veterans StandDown, Feb 6-10 and the North County Walk for Animals, Feb 22nd sponsored by the San Diego Humane Society. They were both wonderful events!!

But as the Corona Virus began to dictate our lives, all events became closed to us, limiting our ability to share this beautiful energy that could help so many. In March the SDRC Board decided to offer online events to keep us in community and to send Reiki to all the planet's people. These events were our gift to our membership, our friends, our community and our world. We were also able to zoom guest speakers, on August 23rd - Animal Communication and October 24th - Messages from Spirit.

## Animal Communication with Chiara Marrapodi

**A calling**

Hi Chiara! I hope you're all well! I know the last we can do is still support our Reiki community and our members who are still struggling with the current situation. I'm so glad to see you and your team back in the office. I'm so glad to see you and your team back in the office. I'm so glad to see you and your team back in the office.

**Live Comms - Amber**

Chiara was amazing!!! Here are some of the slides from her presentation. She has a unique history and approach to animals that is truly engaging. The "Live Comms" are the first 5 members who registered for the event. They received a free reading for their pet during the presentation. I know them all and their pets. So, I can honestly say that the information she imparted was spot on for each pet. It was fabulous!
